

GENERAL ENGLISH UPPER INTERMEDIATE

CRICOS Code: 086134G

The aim of the General English Program, which is student-centred and outcome-based, is to equip the students with the skills and knowledge required to perform competently in their further studies and to develop their confidence in communicating in English in an English-speaking country.

The Program is structured in a planned and sequential manner that builds on English levels of individuals throughout each of the program levels. The SCEI General English Program has five program levels:

Each of the program levels has been designed as a stand-alone program with clear entry and exit points.
